## Profile Summary

Information Technology undergraduate with strong programming fundamentals and problem-solving skills. Proficient in Python, Java, C++, and SQL, practical exposure to Linux environments, with hands-on experience in building web applications using the MERN stack. Familiar with operating systems, database management systems, and application design, computer networking, version control using GitHub.

## Education

B. Tech in Information Technology – Bannari Amman Institute of Technology, Tamil Nadu
Sept 2023 – May 2027 | CGPA: 7.32/10

HSC (CBSE) – Royal International Senior Secondary School
Aug 2021 – Apr 2023 | Percentage: 67.8%

## Technical Skills

- **Programming & Scripting:** Python, Bash (Fundamentals), C, C++, Java, SQL
- **Infrastructure & Core CS:** Operating Systems, Computer Networks, DBMS, System Architecture Fundamentals
- **Web Technologies & APIs:** REST APIs, HTML, CSS, JavaScript, MERN Stack (MongoDB, Express.js, React.js, Node.js)
- **Tools & Platforms:** Git, GitHub, Postman, VS Code, Figma, API Testing, SQL Data Validation

## Projects

### Digital Mental Health Monitoring System

- Built an end-to-end platform to process user metrics and track mental health trends.
- Integrated real-time data pipelines and visual dashboards for behavioral tracking.
- Implemented strict data validation and exception logging to ensure platform stability.

### Lost and Found Platform

- Developed a full-stack campus asset tracking app using MERN.
- Integrated secure user authentication and optimized search for item retrieval.
- Designed scalable REST APIs and structured database schemas for seamless data flow.

**News Application (API-Driven)**

- Built a responsive web app using JavaScript to render live news feeds via REST APIs.
- Performed API testing and payload validation in Postman to ensure high uptime.
- Configured custom error-handling logic for smooth network fault tolerance.

## Certifications

- Udemy – React.js
- Cisco – Introduction to Cybersecurity
- Sales Force – Agentforce Champion and Innovator
- Coursera – Python Programming
- HackerRank: C, Python, SQL, CSS

## Extra-Curricular Activities

- NCC Cadet
- Participated in training camps and drills
- Developed leadership, responsibility, crisis management, and time management skills

## Quality Attributes

- Strong attention to detail
- Good problem-solving skills
- Clear communication
- Team player
